

Bus stop seating discussion document

With the installation of the High Street bus shelter seat we are now in a position to consider the installation of additional seating in covered bus stops. Below is a list of potential bus stops for discussion at our meeting.

Figure 1: The Park Lane Bus Shelter

Figure 2: Holts Lane Bus Shelter

Figure 3: Duke Street Bus Shelter

Figure 4: Burton Road Bus Shelter

Given all the bus shelters have solid floors, the installation costs should be similar to High Street. The seat cost has not changed from last time £368.65 incl VAT and Delivery. All shelters will fit the 1.8m bench.
